The athletes who qualified at the Cali 2021 Junior Pan American Games will not be able to obtain another slot for their NOC; however, another athlete may compete for another slot through the Santiago 2023 qualification system within the maximum quota per NOC.

The winner of Cali has the right to participate **only** in the individual event of Santiago 2023.

If the winner of Cali is already part of the team qualified for Santiago 2023, the country must decide if the athlete will participate according to the Cali winner system or as an athlete qualified for Santiago 2023 by the usual process. In this case, if the country decides to register him/her in the individual and team event, that place is not granted and 18 fencers remain in the individual event.

The number of competitors for each weapon in the individual event is increased to 19. In case all Cali winners are registered to participate in Santiago 2023.

Only the winning countries in Cali will have the advantage of competing with 3 fencers in the individual event in case of having qualified for Santiago 2023 with the team of their respective weapon.

Qualification system

The six events will qualify by teams: Men's Sabre, Women's Sabre, Men's Épée, Women's Épée, Men's Foil and Women's Foil.
